"Hello"

Gregorys is a fully integrated logistics group that delivers a fast, reliable, 24-hour a day service. Our investment in state-of-the-art technology, a truly modern fleet of vehicles and high levels of staff training are a reflection of our on-going commitment to genuine customer satisfaction.

- Up to 60,000-drop offs each week in Melbourne, Sydney and Brisbane
- A fleet of over 550 vehicles that boasts an average age of only two years
- Highly experienced staff that can track your goods anywhere along the delivery chain
- Web-enabled, interactive computer systems that provide precise drop-off information
- A medium sized company large enough to offer reliable and efficient service based on our economies of scale yet small enough to maintain a high level of personalised service

## Courier Services

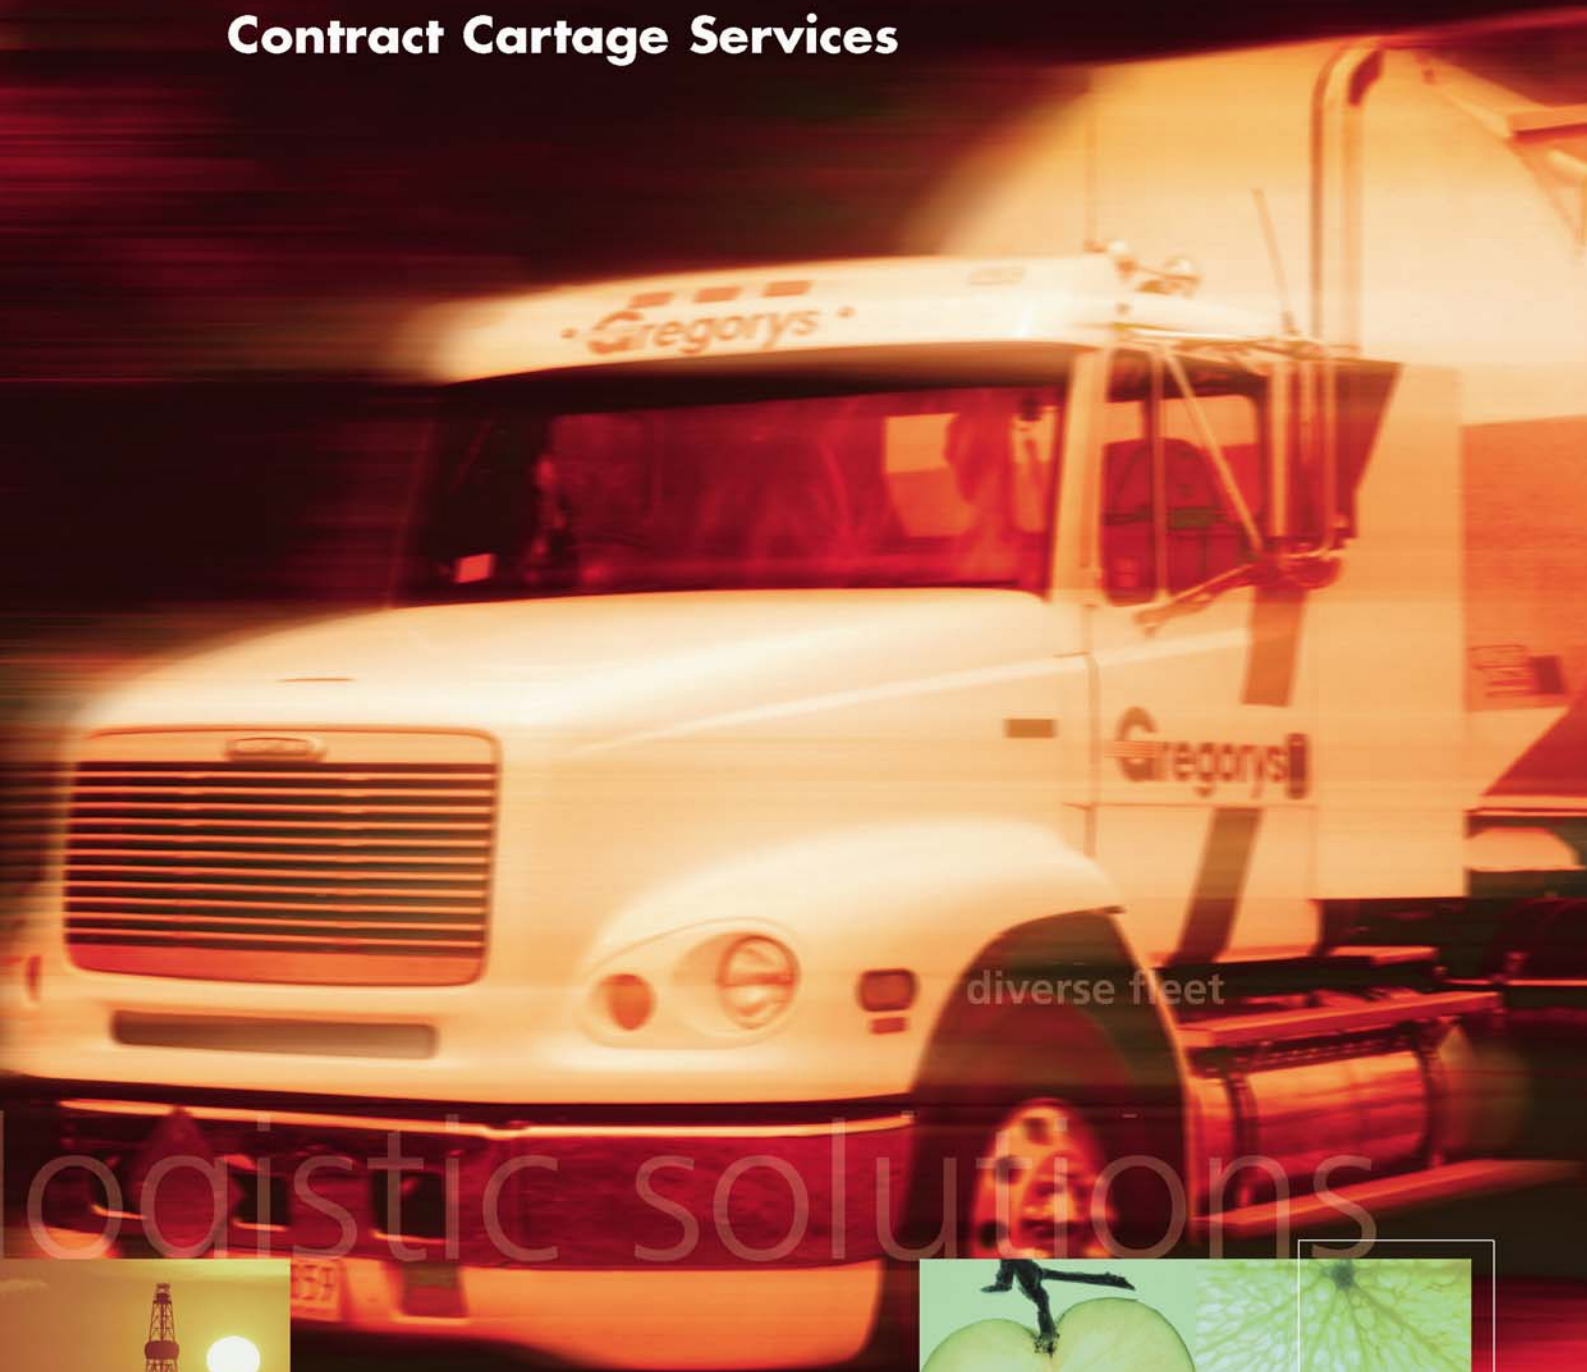

web enabled booking

fast CBD delivery

From push bikes for fast, CBD deliveries to one tonne trays our round the clock courier service will get it there fast. So fast in fact that our Red Hot service can pick up anywhere within 20 minutes and deliver immediately. It is why we are the preferred carriers for time sensitive medico deliveries during life-saving operations - because sometimes you just can't wait. And to ensure your booking gets to us fast, our web-enabled booking systems allow customers to access us directly for a speedier and more reliable service.

## Contract Cartage Services

diverse fleet

logistic solutions

Our contract cartage service is used by a range of large blue chip clients to move goods on a regular contractual basis. With a large and diverse fleet of vehicles up to our 26 tonne semitrailers we deliver everything from the freshest market produce onto supermarket shelves to critical drilling equipment to the oil rigs in Bass Strait. Our professionally trained staff works with you to ensure your regular delivery of goods is where it should be when it should be there.

## Taxi Trucks

Our 24-hour a day taxi truck service provides more than 100 heavy vehicles on an ad hoc basis. Larger consignment than usual? You're own truck broken down? Gregorys can step in with a range of vehicles to get your goods moving quickly and economically. And while the larger transport giants are losing sight of your needs, Gregorys is still small enough to deal personally with all of our customers. And, with one of the youngest transport fleets in Australia, our vehicles are energy efficient and environmentally friendly.

## Document Management

high security environment

barcoding

Gregorys Document Management Systems offer a fully integrated, national records management service utilising the latest in bar coding technologies and specialist records management software. Stored in totally secure premises, documents can be retrieved within 20 minutes and delivered promptly through Gregorys courier service. As an added service to our customers we also offer free advice on archival methodology. In addition, Gregorys are an Approved Public Record Office Storage Supplier (APROSS), authorising us to hold and manage government records.

# Mailroom Management

Gregorys.

professional staff

scanning

Smart companies are increasingly turning their mailrooms over to the experts to be managed by highly trained staff who can direct the flow of mail around the company in a highly efficient manner. Our mailroom management team will take over the day to day operations of your mail room offering the client significant increases in economies as we continually review and seek labour saving methods. Gregorys can handle all local, interstate and overseas dispatches through its own business partners offering the client further cost savings.
